**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Mark Murphy on September 20, 2004.

The application has been amended as follows: claims 17, 20-21 have been canceled.

## **REASONS FOR ALLOWANCE**

2. Claims 2-5, 28-31, 34-35 and 71-81 are allowed

The following is an examiner's statement of reasons for allowance: the prior art of record does not anticipate nor render obvious to one ordinary skilled in the art a reflective active-matrix (TFT) liquid crystal display device comprising a combination of various elements as claimed, more specifically, the pixel electrode including a lamination structure of the first metal layer contacting with the second metal layer, an insulating layer is put between the first metal layer and the second metal layer at a contact portion where the first metal is connected with the TFT, the insulating layer comprising a light absorbing layer having a resin in which a pigment or a carbon-based material is contained. Per the obviousness double patenting rejection, a terminal disclaimer has been filed.

Sato (') discloses an active LCD device comprising a pixel electrode connected to the TFT through a contact hole of an insulating layer, a color filter formed in the area of the contact hole. However, Sato fails to disclose 'the pixel electrode including a lamination structure of the first metal layer contacting with the second metal layer, an insulating layer is put between the first metal layer and the second metal layer at a contact portion where the first metal is connected with the TFT, the insulating layer comprising a light absorbing layer having a resin in which a pigment or a carbon-based material is contained'.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
